

# NUTRICENTIALS® DAY AWAY

## Micellar Beauty Water

Size: 250 ml

We all want radiant looking skin no matter what. But sometimes wanting it isn't enough. Every day, our skin faces the negative impact of pollution, UV rays, or even lack of sleep, which can leave it looking dull and tired. That's why we created Nutricentials. Through innovative science, we took the power and resilience of bioadaptive plant extracts that thrive in the harshest of conditions and brought them into your urban world, unleashing the untamed forces of nature in every formula of this modern skincare range.

**Nutricentials Bioadaptive Skin Care. Make every day a great skin day.**

### MEET DAY AWAY

Put a fresh spin on cleansing and wipe away your day with Nutricentials Day Away. This gentle, no-rinse facial cleanser helps remove the dirt, oil, and makeup that build up on your skin throughout the day. Micellar water, cleansing water powered by micelles, is known for its quick, convenient, and effective cleansing benefits. Nutricentials Day Away brings this classic experience to a whole new level with a formula that includes humectants like sodium PCA, glycerin, and propanediol to keep skin feeling soft, smooth, and hydrated.

### WHY YOU'LL LOVE IT

- o Made with bioadaptive botanicals
- o Gently removes pore-blocking dirt, oil, impurities, and makeup for cleaner skin.
- o Soothes and draws moisture to the skin for a dewy, hydrated complexion.
- o Leaves skin feeling soft, smooth, refreshed, conditioned, and ready for the next step in your skincare regimen.
- o Doesn't clog pores (non-comedogenic).
- o Features a bottle that is proudly made from 100% post-consumer recycled plastic.

### WHAT POWERS IT

- o **Sodium PCA** — a natural humectant known to be a component of the skin's natural moisturising factor (NMF). Helps keep skin moisturised and feeling fresh.
- o **Naturally derived solubiliser** (Polyglyceryl-4 laurate/ sebacate) — helps soothe skin and break down and remove dirt, oil, and makeup.
- o **Plant-derived cleansers** (Polyglyceryl-6 caprylate/caprate & caprylyl/capryl glucoside) — help cleanse the skin and remove dirt, oil, and makeup.

- o Glycerin, propanediol, butylene glycol and pentylene glycol — humectants that help draw moisture to the skin and keep it hydrated and smooth.

## HOW TO USE IT

Apply Day Away Micellar Beauty Water to a cotton pad. Wipe away makeup and debris. Repeat as needed until skin is clean.

## A DAY IN THE NUTRICENTIALS LIFE

To kick off your optimal morning skincare regimen, begin with Day Away Micellar Beauty Water as the first step of a double cleansing routine. Follow with one of our two cleansers, HydraClean or To Be Clear. Next, use one of our toners to hydrate and prepare your skin for any additional skincare (In Balance or Here You Glow). One step you don't want to miss is the application of our serum, Celltrex Always Right.

Finally, apply the moisturiser that best fits your needs: Do you like it creamy or lightweight? With SPF and blue light protection, or without? Whatever you prefer, Nutricentials has something that works for you.

Already addicted to your Nu Skin products, like the ageLOC LumiSpa System? Don't be afraid to mix and match and create your optimal skincare routine with any combination of our many choices. After using the ageLOC LumiSpa System, you can continue with a Nutricentials toner.

## LEARN MORE ABOUT IT

### What is micellar water, and how does it work?

Micellar water is a gentle cleansing water powered by micelles – tiny spheres that trap dirt and makeup. Micellar water wipes away unwanted debris and leaves skin clean and hydrated.

### How does Day Away work with my other Nutricentials products?

Day Away can be used for the first step of your skincare routine as a facial makeup remover. It can also be used as the first step of a double-cleansing routine, followed by either HydraClean or To Be Clear. This is recommended whenever you wear heavy makeup or after a long day of dealing with the various challenges of your environment.

### Why is double cleansing important?

The double cleansing technique provides another level to your daily cleanse, and the benefits this brings makes it an excellent idea for your evening routine. Using micellar water before your cleanser helps to remove any makeup, plus the oils, SPF products, and impurities that can build up on your skin throughout the day. It's important to remove all of these, as this build-up can lead to things like blocked pores, and the development of visible signs of skin ageing.

### How often should I use Day Away?

Day Away is gentle enough to be used up to three times each day. We recommend using it morning and evening as a part of your normal cleansing routine. If you have combination to oily skin and don't wear makeup, you might also benefit from the cleansing effects of micellar water once throughout the day to remove excess shine and dirt.

### What does a non-comedogenic formula mean for my skin?

Non-comedogenic means that the formula won't clog your pores. Nu Skin has assessed the comedogenic potential of all our Nutricentials leave-on products, and the results were clear, with no clogging of pores.

### Can the Day Away Micellar Beauty Water be used to remove the makeup from my eyes and lips?

The Micellar Beauty Water is not formulated to be used on these areas. To remove makeup from your eyes and lips, we recommend using our Nu Colour Waterproof Makeup Remover.

### How were the ingredients chosen?

Nutricentials is inspired by nature. The magic of plant extracts, like our bioadaptive botanicals, is a crucial part of this product range. Our science is there to support these ingredients. Whether it comes from the earth or from the lab, every ingredient is there for a reason. We design every Nu Skin product to meet not just our own high standards, but also the demands of those who use them.

### How does Nutricentials support Nu Skin's commitment to becoming more sustainable?

Nutricentials bottles are made from 100% post-consumer recycled plastic, while the tubes are made with 34–35% post-consumer recycled plastic. Please

check how to best recycle the bottles and jars in your area where possible. By purchasing Nutricentials, you're joining us in taking an active, engaged stride to ensure the future is bright for both the planet and each of us. Visit [www.nuskin.com/sustainability](http://www.nuskin.com/sustainability) for more information and details on how to recycle.
