

NUTRICENTIALS®

DAY DREAM PROTECTIVE CREAM

Creamy Day Moisturizer

Size: 50 ml

We all want radiant looking skin no matter what. But sometimes wanting it isn't enough. Every day, our skin faces the negative impact of pollution, UV rays, or even lack of sleep, which can leave it looking dull and tired. That's why we created Nutricentials. Through innovative science, we took the power and resilience of bioadaptive plant extracts that thrive in the harshest of conditions and brought them into your urban world, unleashing the untamed forces of nature in every formula of this modern skincare range.

Nutricentials Bioadaptive Skin Care. Make every day a great skin day.

MEET DAY DREAM PROTECTIVE CREAM

If you've been dreaming of a new facial moisturising day cream to help your skin stay soft and hydrated no matter what life throws your way, Day Dream Protective Cream is here to make it a reality. This luxurious cream contains SPF 30, as well as bioadaptive botanical extracts to help protect your skin from the adverse effects of environmental stressors. Its unique blue light and infrared filtering ingredient also helps reduce the impact of excessive exposure to blue light and infrared. Wherever your day takes you, you know you'll be facing it with visibly radiant, healthy-looking skin.

WHY YOU'LL LOVE IT

- o Made with bioadaptive botanicals that help to increase your skin's ability to adapt to its unique environment.
- o Features broad-spectrum (UVA & UVB) SPF 30 protection in a comfortable cream.
- o Protects against the negative effects of excessive UV, blue light, and infrared exposure, including skin discoloration, dullness, and premature visible signs of skin ageing.
- o Helps protect against, and increases resiliency to, the negative effects of stress, pollution, and oxidative stress
- o Provides effective hydration without feeling heavy or leaving a greasy residue.

- o Gives a glowing, luminous complexion and helps even skin tone for radiant-looking skin.
- o Doesn't clog pores—non-comedogenic.
- o Features a tube that is proudly made with 34% post-consumer recycled plastic.

WHAT POWERS IT

- o **Bioadaptive botanical complex** — a blend of botanical extracts from plants that thrive in extreme climates and can help your skin bounce back from life's daily stressors such as stress, pollution, and oxidative stress:
 - **Siberian ginseng root extract** (Eleutherococcus Senticosus Root Extract)
 - **Rhodiola rosea extract** (Rhodiola Rosea Extract)
 - **Maral root extract** (Rhaponticum Carthamoides Root Extract)
 - **Chaga mushroom extract** (Inonotus Obliquus Extract)
 - **Resurrection plant extract** (Selaginella Lepidophylla Extract)
- o **Blue light and infrared filtering ingredient: French red bell pepper extract** (Capsicum Annuum Fruit Extract) – provides antioxidant protection and acts as a shield against blue light and infrared to help protect the skin against the adverse effects of excessive blue light and infrared exposure, including premature visible signs of skin ageing, skin discolouration and dullness.
- o **Bisabolol** sustainably harvested from the Candiea Tree (Vanillosmopsis erythropappa / Eremanthus erythropappus) – a naturally derived ingredient native to South America that soothes and hydrates as it helps protect skin against the adverse effects of exposure to daily environmental stressors.
- o **Vitamin E derivative** (Tocopheryl Acetate) – a powerful antioxidant that protects against oxidative stress caused by environmental stressors.

HOW TO USE IT

Apply a generous amount to the face and neck in an upward, outward motion. Use every morning.

A DAY IN THE NUTRICENTIALS LIFE

To kick off your optimal morning skincare regimen, begin with Day Away Micellar Beauty Water as the first step of a double cleansing routine. Follow with one of our two cleansers, HydraClean or To Be Clear. Next, use one of our toners to hydrate and prepare your skin for any additional skincare (In Balance or Here You Glow). One step you don't want to miss is the application of our serum, Celltrex Always Right.

Finally, apply the moisturiser that best fits your needs: Do you like it creamy or lightweight? With SPF and blue light protection, or without? Whatever you prefer, Nutricentials has something that works for you.

Already addicted to your Nu Skin products, like the ageLOC LumiSpa System? Don't be afraid to mix and match and create your optimal skincare routine with any combination of our many choices. After using the ageLOC LumiSpa System, you can continue with a Nutricentials toner.

LEARN MORE ABOUT IT

What are bioadaptive botanicals?

Bioadaptive botanicals are plants that thrive in extreme climates thanks to their adaptive properties. Our extracts use these special properties to help your skin to increase its ability to adapt to its changing and unique environment, helping it bounce back from — and gain resiliency to — life's daily stressors.

What benefits will Nutricentials Day Dream Protective Cream bring to my skin?

Nutricentials Day Dream Protective Cream contains several great ingredients, such as UV filters that will protect the skin from the negative impact of excessive sun exposure. It also contains 5 bioadaptive botanical

extracts to help your skin bounce back from life's daily stressors and French red bell pepper extract for antioxidant protection. The latter also acts as a shield against blue light and infrared to help protect the skin against the adverse effects of excessive blue light and infrared exposure. These ingredients work together to bring a wide range of skin benefits!

Can Nutricentials Day Dream Protective Cream be used together with another moisturiser?

Day Dream Protective Cream is formulated as a moisturiser with a sun protection factor. If additional hydration is needed, you can first use Dew All Day or Moisturize Me before adding Day Dream Protective Cream.

What does a non-comedogenic formula mean for my skin?

Non-comedogenic means that the formula won't clog the pores. Even those with oilier skin won't struggle here. There's no need to fear trying out richer textures – they're suitable for you, no matter your skin type. All of our leave-on products have been tested for comedogenicity to ensure that they do not clog pores.

How were the ingredients chosen?

Nutricentials is inspired by nature. The magic of plant extracts, like our bioadaptive botanicals, is a crucial part of this product range. Our science is there to support these ingredients. Whether it comes from the earth or from the lab, every ingredient is there for a reason. We design every Nu Skin product to meet not just our own high standards, but also the demands of those who use them.

How does Nutricentials support Nu Skin's commitment to becoming more sustainable?

Nutricentials bottles are made from 100% post-consumer recycled plastic, while the tubes are made with 34–35% post-consumer recycled plastic. Please check how to best recycle the bottles and jars in your area where possible. By purchasing Nutricentials, you're joining us in taking an active, engaged stride to ensure the future is bright for both the planet and each of us. Visit www.nuskin.com/sustainability for more information and details on how to recycle.
